

Come and Try RC Flying at Doncaster Aeromodellers' Club

At the Doncaster Aeromodellers' Club in Bulleen Park, aspiring pilots can learn to fly remote control planes and helicopters with the help of experienced trainers. These trainers have planes of their own and everything a new pilot needs to get started.

Sixteen-year-old Lamberto Lepore Eliadis recently achieved the impressive feat of becoming one of Australia's youngest Gold Wings RC pilots. Gold Wing qualifications are a testament to a pilot's skill and Lamberto's abilities include flying aerobatics and helping with the training of new pilots - some of whom are over 50 years his senior.

Anyone can come and join in on the fun at Bulleen Park on Saturdays from 12pm. All you need to bring are a hat, sunglasses, and sunscreen.
